RE: U. S. Ferto Corporation  
ACT/039/001  
San Pete County, Utah

Dear Mr. Christensen:

In accordance with Title 40-8 of the Utah Mining and Reclamation Act, this Division is required to permit all mines on public and private lands within this State.

We are presently conducting a review of U. S. Ferto Corporation's permit application. In order to fully evaluate the mining area and any impacts that could occur, we request a copy of any information that the U. S. Forest Service may have pertaining to U. S. Ferto Corporation's operation. Specifically, information pertaining to the environmental assessment, the mine plan and bonding would be most helpful to our Division.

We would appreciate your cooperation very much.

Sincerely,

DAVID W. DARBY  
RECLAMATION HYDROLOGIST
